TALLANGATTA AFTER SCHOOL CARE IN 2019

Tallangatta Early Years Learning Centre is a safe and secure environment where children thrive. From 2019, our educators will be providing jam-packed fun and activities for After School Care to ensure children end their days well.

Each session is based on a structured theme or activity that responds to children’s interests, age groups, and diverse cultural and community connections. Children learn arts, crafts, drama, sports, science and participate in team games. The activities support children to develop respectful relationships and learn how to get along with others.

When requested, the service provides homework support and use of the library computers, teaching children time management and helping them to get the most from their schooling years. Afternoon sessions will include a yummy healthy afternoon tea and an opportunity for children to talk about their day as a group.

A walking school bus will be provided to help students travel from St Michael’s Primary School and Tallangatta Primary School to the Tallangatta Early Years Learning Centre. The After School Care service will operate until 6.00pm.

Minimum enrolment numbers must be confirmed by the start of the school year for these sessions to proceed. Enrolling is quick and easy via www.towong.vic.gov.au. The After School Care session fee is $25 per child. Families may be eligible for the Commonwealth Government's Child Care Subsidy. Further information on this program can be found at https://www.education.gov.au/child-care-subsidy-0

Bookings will be confirmed from Monday 7 January as minimum enrolment numbers are met.

Please call the Tallangatta Early Years Learning Centre from Monday January 7 2019 for further information (02) 6071 2282.
